We Believe

- ✧ there is hope for all people.
- ✧ people deserve to feel emotionally and physically safe.
- ✧ people deserve to feel loved.
- ✧ all people have unconditional value.
- ✧ that individuals thrive “in community” where there is a sense of belonging and meaningful relationship with others.
- ✧ that community is not a destination; rather, community is a state of being.
- ✧ that we have a personal responsibility to act with urgency, focus and unyielding commitment on our beliefs.
